

Corporate Flu Clinic Program

Fall/Winter 2015-2016

The World Health Organization has stated that there are only two (2) ways to minimize the potential effects of the Flu.

The first is to encourage good personal hygiene

The second to get an annual flu shot.

INTEGRACare Inc. can provide a Corporate Flu Clinic for your company/office.

We understand the costs associated with employee disability! As a part of our commitment to providing comprehensive and effective health management solutions, INTEGRACare offers an on-site, **Corporate, Flu Clinic Program**.

Our team of nurses will come to your workplace early on the day of the clinic, to ensure that infrastructure is in place to deliver the vaccinations.

- Reduce your direct and indirect costs associated with flu-related lost-time.
- Promote a flu-free and productive workforce.
- Provide ease of access to flu vaccinations and in so doing save employees' time and money.
- Communicate to employees that they are valued and that their health is a priority.
